

WOW

Warranty One Year Unlimited Eyewear Warranty

Center of Vision Development believes that you deserve more than just a manufacturer's warranty. We appreciate your trust and the investment you have made in your eyewear. We will warranty our frames and lenses against scratching or breakage of any kind, for any reason, for 12 months of original purchase date for a service fee of \$25 for frames or \$25 for lenses...no matter how much you originally paid for them! Warranty may vary according to insurance or vision care plan and does not cover against loss or theft. In the event you need to utilize your warranty, you must return your old lenses and/or frames.

Your Eyewear Options Are Not Limited To Your Frames

LifeStyle

Lifestyle Lenses are available in more material and treatment combinations than any other HOYA progressive lens, so you can make them as comfortable, durable, and easy to clean as you like. LifeStyle lenses are even custom designed exclusively for your eyes.

MyStyle

MyStyle is the first completely personalized progressive lens, designed specifically for what your eyes see most throughout your day.

The Summit iQ

The Summit iQ lens. You could settle for traditional progressive lenses, or see the world in Hi-definition. From near to far and everywhere in between, the Summit iQ lens is designed to provide crisper, clearer viewing ranges and more natural vision transitions than any other traditional progressive lens.
